FIELD INFORMATION:

Field Name:	
Field Address	
City/State/ZIP:	
Use nearest intersection if there is no street address	

Instructions:

1. For your club to have a home field, the HCSL Board needs to approve your field. Copies of field permits are required. This form needs to be completed by the club Field Coordinator or the club representative to HCSL - one form for each field the club intends to offer for HCSL use (not one for each team). **The deadline for Home Field Applications is July 31st**; the deadline for copies of field permits is **September 1st**.
2. There should be a maximum of six teams listed for each field. If your club has more than six teams playing in HCSL, you need more than one field to ensure a balance of home games for all club members. There should be a minimum of three teams listed for each field. If you have a field to offer for HCSL use and less than three teams playing in HCSL, please complete the form and check that you would allow HCSL to schedule neutral games (not involving your club) on this field. This would insure that your teams would have home games.
3. If you have made arrangements with another club to share field responsibility, list the teams from both clubs. Make sure your contact and phone information is complete. You will need this to complete any calls necessary as a result of game postponement. HCSL will provide you contact information for any neutral games, as required.
4. It is the club's responsibility to ensure the directions entered on the HCSL web site are complete and correct. Contact the HCSL Administrator for any corrections.

TEAMS PERMITTED ON THIS FIELD

CAN HCSL SCHEDULE NEUTRAL GAMES ON THIS FIELD? YES <input type="checkbox"/> NO <input type="checkbox"/>
